ALIGNING YOUR LIVELIHOOD
SECTION SUMMARY

As you emerge from your journey into Inevitability, you have arrived at a checkpoint. How crystal-clear are your career goals in relation to your "why"?

If you have not yet gained total clarity, fret not. We'll revisit this topic in full-depth when we delve into your Life Enrichment Action Plan. For now, let's return to the question about whether or not you're doing what you do best, enjoy most and – ideally – earn a comfortable living to your satisfaction. This includes having the work-balance to enjoy whatever else brings you fulfillment and enrichment.

As you reflect on that last paragraph, you are more than likely able to identify certain gaps and/or some misalignment between where you are now and where you want to be.

Each of the past three topics about Swimming with the Current, Harnessing Gratitude and Inevitability encompass a wide-range of applications - from the highly practical to the highly unusual. So it should come as no surprise that Aligning Your Livelihood involves similar approaches.

To keep things consistent with where we left off with Inevitability, we'll begin with some advanced methods associated with the Law of Attraction. These involve clarifying your desired future identity and relying on ways that amplify your ability to step into that reality, such as by creating and internalizing a vision board. Just go with it. If you're ALL-IN for your Life Upgrade, then you have everything to gain, even if done unconventionally.

Then, at the far end of the same spectrum, there are highly conventional, yet innovative techniques to make a career shift. You'll hopefully also find the Tip Sheets beneficial.
